Attendance:

If a student is absent from class, he or she will consult the teacher to determine assignments missed, will complete these assignments, and will request extra help if necessary.

Test Policy:

If your child is aware that he/she will miss a test due to an appointment/sports event etc, it is his / her responsibility to let the teacher know **ahead** of time. The student will then make arrangements with the teacher to write the test **ahead** of time. Department policy requires that students verify any absences from tests with a note from a parent, guardian or doctor. Upon receipt of the note, the student will be allowed to write a compensation test to make up the mark.

Late Work Policy:

- For each evaluation, the teacher will inform students of the **due date**
- If students are unable to meet the due date (due to compelling and extenuating circumstances, for example illness or bereavement) the student should approach their teacher and negotiate the opportunity for an extended time line **prior** to the assignment due date
- Teachers may request documentation from parent/guardian that a need exists for extension of due date
- In the event that some students do not meet the due date, a reasonable, **ultimate deadline** shall be set at the teacher's discretion. It shall be clearly communicated to the students who are affected. For example, the ultimate deadline could be the date a marked assignment is returned to the class, if the viewing of a marketed assignment will benefit a student who has yet to hand it in.
- Students will lose **5%** per day for late assignments

Academic Honesty

Students who present the work of others as their own are guilty of plagiarism and will receive a mark of zero for the work and will have the details of the plagiarism noted in their school records. Students who are guilty of cheating on tests or examinations will receive a mark of zero on the test or examination and have the details of the cheating noted in their school records.
