

"Perception involves all the ways of becoming aware of things, people, happenings, or ideas. Judgment involves all the ways of coming to conclusions about what has been perceived. If people differ systematically in what they perceive and in how they reach conclusions, then it is only reasonable for them to differ correspondingly in their interests, reactions, values, motivations, and skills."

PERSONALITY CLASSIFICATIONS:

Myers-Briggs Personality Index

The Myers-Briggs Type Index is based on the works of Swiss psychiatrist Carl Gustav Jung. The Myers-Briggs Index classifies personality into 16 types based on the following:

- **“Your Favorite World”**
 - Extrovert (E) vs. Introvert (I) - do you prefer to focus on the outer world or your own inner world?
- **“Information”**
 - Sensing (S) vs. Intuition (N) – do you prefer to focus on the basic information you take in or do you prefer to interpret and add meaning?
- **“Decisions”**
 - Thinking (T) vs. Feeling (F) – when making decisions, do you prefer to first look at logic and consistency or first look at the people and special circumstances?
- **“Structure”**
 - Judging (J) vs. Perceiving (P) – in dealing with the outside world, do you prefer to get things decided or do you prefer to stay open to new information and options?
